Task List DENTAL FACILITY

3. Assigning charges for dental services 4. Relieving patient anxiety 5. Asepsis 6. Using tooth numbering systems 7. Reading anatomic and geometric tooth diagrams 8. Naming and locating tooth surfaces 9. Classifying caries and restorations 10. Passing instruments to dentist 11. Preparing radiologic films. 12. Preparing tray setups for dental procedures 13. Cleaning and sterilizing dental instruments 14. Instructing patients in oral hygiene 15. Mixing and pouring preliminary impressions for study casts 16. Cleaning and polishing dental appliances 17. Treatments: A. Fillings B. Extractions C. Root Canals D. Sealants E. Cleaning F. Bridges/Crowns 18. Other	Student	Department			
Activities Observed Aided Date	The student will read and study departmental policy and proced	lure manuals for I	DENTAL AS	SSISTING	
1. Making appointments 2. Pulling charts 3. Assigning charges for dental services 4. Relieving patient anxiety 5. Asepsis 6. Using tooth numbering systems 7. Reading anatomic and geometric tooth diagrams 8. Naming and locating tooth surfaces 9. Classifying caries and restorations 10. Passing instruments to dentist 11. Preparing radiologic films. 12. Preparing tray setups for dental procedures 13. Cleaning and sterilizing dental instruments 14. Instructing patients in oral hygiene 15. Mixing and pouring preliminary impressions for study casts 16. Cleaning and polishing dental appliances 17. Treatments: A. Fillings B. Extractions C. Root Canals D. Sealants E. Cleaning F. Bridges/Crowns 18. Other	The student will either observe or aid in the performance of the	following activiti	es.		
1. Making appointments 2. Pulling charts 3. Assigning charges for dental services 4. Relieving patient anxiety 5. Asepsis 6. Using tooth numbering systems 7. Reading anatomic and geometric tooth diagrams 8. Naming and locating tooth surfaces 9. Classifying caries and restorations 10. Passing instruments to dentist 11. Preparing radiologic films. 12. Preparing tray setups for dental procedures 13. Cleaning and sterilizing dental instruments 14. Instructing patients in oral hygiene 15. Mixing and pouring preliminary impressions for study casts 16. Cleaning and polishing dental appliances 17. Treatments: A. Fillings B. Extractions C. Root Canals D. Sealants E. Cleaning F. Bridges/Crowns 18. Other	Activities				
2. Pulling charts 3. Assigning charges for dental services 4. Relieving patient anxiety 5. Asepsis 6. Using tooth numbering systems 7. Reading anatomic and geometric tooth diagrams 8. Naming and locating tooth surfaces 9. Classifying caries and restorations 10. Passing instruments to dentist 11. Preparing radiologic films. 12. Preparing tray setups for dental procedures 13. Cleaning and sterilizing dental instruments 14. Instructing patients in oral hygiene 15. Mixing and pouring preliminary impressions for study casts 16. Cleaning and polishing dental appliances 17. Treatments: A. Fillings B. Extractions C. Root Canals D. Sealants E. Cleaning F. Bridges/Crowns 18. Other		Observed	Aided	Date	
3. Assigning charges for dental services 4. Relieving patient anxiety 5. Asepsis 6. Using tooth numbering systems 7. Reading anatomic and geometric tooth diagrams 8. Naming and locating tooth surfaces 9. Classifying caries and restorations 10. Passing instruments to dentist 11. Preparing radiologic films. 12. Preparing tray setups for dental procedures 13.
